2. Minimum Requirement (Section 5191 of the CDLAC Regulations.)

A minimum of ten percent (10%) of the units in a Qualified Residential Rental Project must have Gross Rents that are restricted to households with incomes no greater than fifty percent (50%) of the Area Median Income. All of the rent restricted units that meet this requirement, with the exception of Mixed Income Pool projects and units located on the upper level floors of high-rise developments, shall be generally distributed in terms of location and number of bedrooms throughout the project. All such units shall be of comparable quality and offer a range of sizes and number of bedrooms comparable to those units that are available to other tenants.

For federally assisted at-risk projects and 4% low income housing tax credit projects, this shall mean that the Project units must have Gross Rents that are restricted to households whose incomes must be 50% or less of the AMI; or Gross Rents that are restricted to households whose incomes must be 60% or less of the AMI. (Consult Section 5170 of the CDLAC Regulations for the definition of "Gross Rents".) Applications not meeting this minimum requirement will be deemed incomplete. The percentage in columns "e" and "g" of Table 1 will be used to determine if the Project meets this minimum requirement.

Evidence of utility allowances shall be satisfied with a letter from the local housing authority that includes:

- a. A certification that the proposed Project is located within its jurisdiction. (ref: IRS Final Regulations T.D. 8520)
- b. A current utility allowance schedule.
- c. An itemization of which components of the utility allowance schedule apply to the Project.

If the Project is to be substantially retrofitted for energy conservation or will be newly constructed with substantial energy conservation, utility allowances based upon the lower utility cost projected after construction or retrofit may be submitted. Such lower utility allowances must be validated by a public utility letter or public housing authority letter, which provides estimates that are adjusted for significant energy conservation sources.

The documentation relating to utility allowance must be labeled as **Attachment 5**.

3. Use of 4% Low Income Housing Tax Credits

If applicable, please respond.

4. Estimated per unit cost (not including Manager's Units): \$
(See Section 5194 of the CDLAC Regulations)

An application requesting allocation with total project costs that appear to be high for the geographic area in which the project is located will be requested to provide an explanation for why costs are high and demonstrate that such costs are justified.

5. Estimated hard construction/rehabilitation cost per unit (not including Manager's Units): \$
(Hard cost must only include site work, structures & prevailing wage costs-pgs. 16-17 of Universal Application Core Document) (See Section 5210(c). of the CDLAC Regulations.)

6. Allocation per Restricted Rental Unit: \$
(See Section 5231(d) of the CDLAC Regulations.)

If two or more Applications receive the same total number of points, the Applications will be ranked according to the lowest amount of requested Allocation per Restricted Rental Unit.

7. Minimum Term of Restrictions (Section 5192(c) of the CDLAC Regulations.)

The Qualified Project Period for the Project must be for at least 30 years. Projects that maintain the Qualified Project Period for longer than thirty (30) years will be awarded two (2) points for every five (5) years of affordability beyond thirty (30) years up to fifty-five (55) years. Consult the CDLAC Procedures for the definition of a Qualified Project Period. Applications not meeting this minimum requirement will be deemed incomplete.

8. Minimum Sustainable Building Standards (Section 5205 of the CDLAC Regulations)

The project sponsor shall provide a certification in Attachment 26 of their intent to utilize landscaping and construction materials which are compatible with the neighborhood in which the proposed project is to be located, and that the architectural design and construction materials will provide for low maintenance and durability, as well as be suited to the environmental conditions to which the project will be subjected. Please note that if seeking tax credits, please consider CTCAC's workbook requirements when developing your CDLAC application. (Section 10325 (f)(7)(A) of CTCAC regulations.)
